

We encourage, we support and most importantly we provide real whole-of-life choices.

With services in metropolitan and regional SA, we ensure support is tailored towards the individual.

Orana creates opportunities for people with disability to live the life of their choice through employment, housing, short term accommodation, skills development programs and daily support.

Creating Opportunities

Creating Opportunities

It can be hard sometimes for families caring for a person with disability.

Orana's short term accommodation provides a safe and enriching environment where people with disability can develop their skills while giving families a break from the caring role.

Our service:

- Is suitable for both children and adults with disability
- Caters to the needs of the individual
- Provides opportunities to make friends and be involved in recreational activities both in-house and in the community
- Develops independent living and social skills
- Provides assistance with personal care in a respectful and private environment
- Allows carers to have a break, confident in the knowledge that their loved one is receiving a high standard of care

Services can be accessed on a regular basis, or just from time to time when you need them the most.

No matter what option you choose, support will be provided by dedicated staff who are focused on your needs and those of the person you're caring for.

Short Term Accommodation Centre

Our welcoming and well-equipped centres in Whyalla accommodates people with disability to stay for any length of time from a day or weekend to extended periods of time.

Orana's short term accommodation service is also available in our two-bedroom apartment, close to the Adelaide CBD, beach, public transport and shopping centres.

In-home flexible care

Orana can provide short term accommodation support in your own home, leaving you free to enjoy some time to yourself, attend appointments or go to work.

Orana understands the needs of the person you care for, providing one-to-one support in a safe and secure environment with access to recreational activities of their choice.

Eligibility

The service can provide support to people with disability who receive funding through the National Disability Insurance Scheme (NDIS) or people who wish to self-fund their support.
